Superintendent's Message

I want to extend to you my congratulations on your record of achievement. May you continue your education so that you will be better trained and equipped to be a success in your chosen field of endeavor. May you gain that inner strength and wisdom to assume the many responsibilities you may be called on to fulfill.

My best wishes for continued success for many years to come.

A Salute to

MR. JOHN H. TURNER

Mr. John H. Turner has championed the cause of education in Dickenson County since 1911. For 44 years Mr. Turner taught at various schools throughout the county and also served on the County Board of Supervisors for almost eleven years. Hence, Mr. Turner has contributed his time and talents in service to Dickenson County for more than 54 years.

Mr. Turner was born May 18, 1890 in West Virginia. He was a native of the Martha Gap section near Haysi. He attended Turner elementary school and Big Seventh at Clintwood. He received his high school certificate in 1908. Mr. Turner attended William and Mary College and Radford College where he received his Normal Professional Teaching Certificate in 1942.

Mr. Turner was married to Miss Nora Yates May 18, 1917, at Clintwood, Virginia. They had three sons Harold, Lee, and Cowan and one daughter Mrs. Delphia Baker. Mrs. Delphia Baker received her B.S. Degree in Elementary Education from Radford College; Harold received his B.S. in Agriculture from V.P.I.; and Lee attended V.P.I. for three years.

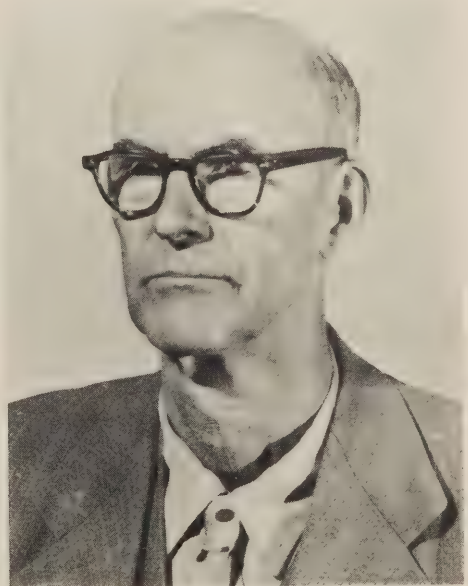

Aside from having served the people of this county through his position as teacher and member of the County Board of Supervisors, Mr. Turner worked diligently to make possible for the boys and girls of the county a bus which would provide transportation for them to Clinch Valley College. He was one of those who pushed for establishment of the Dickenson County Scholarship Fund which has made dreams of college a reality for several deserving young people in the county.

Mr. Turner's interests were not limited to education. He was also interested in various civic affairs. He was a charter member of the Ruritan Club at Sandlick, and was also instrumental in establishing a bird and game commission. Improvement of the roads in the county was of great interest to Mr. Turner.

Although many people were not aware of it, Mr. Turner furnished books for needy children. By his own means, Mr. Turner furnished lunch tickets for many needy children. Several college graduates owe Mr. Turner a lasting debt for his financial assistance which enabled them to obtain college degrees.

Mr. John H. Turner has spent the greater part of his life working for the people of this county especially in the field of education, and the field of education means working with children who are our hope for the future.

On January 22, 1966, Mr. John H. Turner passed away. Haysi High School wishes to extend its deepest condolences to Mr. Turner's family. Death, any death, brings sadness to friends and loved ones, but when death deprives an entire community of one of its most faithful workers, it is especially sad. There are too few dedicated, faithful public servants, and Mr. Turner was one of the few who served well and towered above the ordinary.

Principal's Message

Dear Seniors,

It has been most gratifying to observe the educational growth and progress of this graduating class. The overall progress of this group has surpassed the expectations of the faculty. The individual growth of each of you has created the image by which this group will be remembered.

When you leave Haysi High each of you will go your separate way, and the class of "66" will become a memory. Attitudes acquired as a member of this group will influence individual progress for many years.

I sincerely hope your association with Haysi High has helped each of you lay a solid foundation upon which a happy and successful future can be built.

Assistant Principal's Message

It has been wonderful working with you for the past five years.

Your diploma will signify your achievement. Many will find it necessary to further your education in order to obtain desired future work; others will seek employment immediately after leaving Haysi High School. Whichever case, your high school education will contribute much to your future success.

Whatever your future plans, remember that success is not given; it must be earned.

Farewell

Although our high school years are drawing to a close, we can look back with fond memories upon each moment as students of Haysi High School.

We graduates of 1966 will remember our school as a pathway to maturity and the acceptance of responsibility. Here we have learned to be proud yet humble, optimistic yet realistic, ambitious yet sincere and courageous. We have grown in our school; graduation is but a pause in the growth of our future.

Future Leaders

First Row Seated: Barbara Fields, Rita Phipps, Gloria Yates, Ray Yates.

Second Row Standing: Nancy Yates, Janet Edwards, Katy Farmer, Warren Younce.

The above pupils are an example of some of the outstanding students in this year's Eighth Grade Class. We expect them and several others in their group to prove to be superior students and assume leadership in the various school activities.

A large, billowing white cloud or smoke plume rises from the bottom of the frame, expanding as it goes up. The cloud has a textured, almost fibrous appearance with many small details visible within its mass. The background is a dark, uniform grey, which makes the white cloud stand out prominently. The overall composition is simple and dramatic, focusing on the shape and movement of the cloud.
